

JULIA MONIEWSKI

ART

ABOUT ME:

Julia Moniewski is a Polish artist who lives and works in Switzerland since 2010. In her own painting style, she combines the expressiveness of her works with the abstraction of forms. Moniewski combines painting with drawing and adds accents with charcoal pencils after the paint. A central aspect in her work is the theme of identity. "The dialogue between my soul and the world around me is a kind of search for my own identity," Moniewski explains.
